We at La Parma Pizzeria make all our pizza dough hand made and baked them in our stone wood fired oven. Our dough is made fresh everyday with the freshest ingredients and endeavour to use only the best materials. In fact, most of our product are organic and a great majority of them are imported from Italy. We roast our vegetables in the wood fired oven to give the best results and taste. All our pizzas are made in the traditional way. The pizzas are sold by inches.

We invite you to enjoy the La Parma Pizzeria in your own home where we will be happy to offer our reliable delivery service.
